**That isn't a kite.                      Those aren't kites.**
- ☞ За да зададем въпрос, поставяме глагола (**is, are**) пред **this/that** или **these/those**:

☞ На въпроса **What's ...?** отговаряме **It's ...**,  
а на въпроса **What are..?** отговаряме **They're...**,
